

Activity

Module Guide: Activity

Module Location

CRM > Activity

Module Objective

The **Activity** module functions as a calendar and work agenda for the sales team. Its purpose is to plan, view, and manage all customer-related activities, such as meeting schedules, phone calls, tasks, and follow-ups. Using this module effectively helps ensure all prospects and customers are handled properly and on time.

1. Main View (Activity Calendar)

The main page of this module is an interactive calendar view that provides a visual overview of your activity schedule.

View Explanation

- **Monthly Calendar View:** Displays the schedule in a monthly format, complete with color codes corresponding to the **Legend** on the right side.
- **Daily Schedule (Schedule for):** Displays a detailed hourly schedule for the selected date.
- **Activity List (Activities Sort by Priority):** Displays a list of activities for the selected day.

Understanding the Legend

Pay attention to the **Legend** box on the upper-right side to understand the meaning of each color on the calendar:

- **Activity:** There is a scheduled activity.
- **Today:** Marker for the current day.
- **Holiday:** A public holiday.
- **Rescheduled:** A rescheduled activity.
- **Done:** An activity that has been completed.

2. Steps to Manage Activities

The following is the complete workflow for creating and managing an Activity.

Step 1: Create a New Activity

To add a new activity, **double-click** on the desired time slot in the **Schedule for** section or directly on a date in the calendar. This action will open the **Add Activity** form.

Schedule for :

08:00

09:00

10:00

11:00

12:00

13:00

14:00

15:00

16:00

17:00

18:00

19:00

20:00

21:00

Step 2: Fill in Activity Details (Add Activity Form)

Fill in all the relevant information on the form that appears. Fields marked with (*) are mandatory.

- **Customer Type, Company Name, Opportunity, Contact Person:** Link this activity to the relevant customer or sales opportunity. This is important for tracking interaction history.

Customer Type : ☒ New Customer ☐ Old Customer

Company Name : --No Account-- ▼

Opportunity : --No Opportunity-- ▼

Contact Person : --No Contact-- ▲ ▼

- **Activity Type:** Choose the type of activity from the dropdown (e.g., Meeting, Call, Email). Activity Type * : --No Activity-- ▼

- **From / To:** Set the start and end date and time for the activity.
From : 13 August 2025 08 ▼ : 00 ▼ (hh : mm)
To : 13 August 2025 08 ▼ : 00 ▼ (hh : mm)

- **Reminder:** Set a reminder if needed so you don't miss the schedule.

Reminder : ☐ 13 August 2025  00 : 00 (hh : mm)

- **Description:** Fill in a detailed description or the purpose of this activity.

Description * :

- **Priority & Status:** Set the priority (e.g., High, Normal, Low) and the initial status of the activity.

Status :

Priority :

Step 3: Save the Activity

After all mandatory fields have been completed, click the **Save** button at the bottom to save the new activity. The activity will now appear as a colored block on your Activity Calendar.

Step 4: Update Activity Status

After an activity has been completed, reopen the activity from the calendar and change its status to "Done". This will change the activity's color on the calendar according to the Legend.

Tips & Important Notes

- Use this module every morning to plan your work and ensure you don't miss any important appointments or tasks.
- By always linking activities to the relevant **Opportunity**, you can build a complete interaction history for each potential sale.
- The **Export To MS Excel** feature can be used to create your weekly or monthly activity reports for reporting purposes to

your superior.
